

**PRODUCT  
CATALOG**  
2007

## **SUPERIOR SOUND, SIMPLICITY AND STYLE.**

Those three elements are at the heart of every Plantronics headset. And for more than forty years they've served as the foundation for headsets designed to fit a variety of needs and lifestyles.

That's why we're confident you'll find a headset in this catalog that will deliver the rich, clear sound and comfortable fit you need—whether you're talking at home (pg. 24), at work (pg. 8), on the road (pg. 20), or everywhere life takes you (pg. 4). There are even headsets built specifically for gaming (pg. 30) or for use with your computer (pg. 28).

You'll also find a number of VoIP-enabled headsets throughout this catalog. Just look for these icons:

Headsets with this icon are recommended for IP desk phones

Headsets with this icon are recommended for PC-based softphones

MULTI-USE

These days, life seems to require more devices—  
from **HOME, OFFICE AND MOBILE PHONES** to MP3 players, PC-based softphones  
and PDAs. But you shouldn't need a different  
headset for each one. That's why we've developed  
a selection of versatile, **MULTI-USE** headsets  
designed to simplify your life.

Plantronics  
Voyager 510

## PLANTRONICS VOYAGER™ HEADSET FAMILY

Unite your office phone, PC-based softphone and any standard *Bluetooth*® device with a *Bluetooth* all-in-one headset that lets you switch seamlessly between multiple devices.

- **Switch between multiple *Bluetooth* enabled devices**—including mobile phones, laptops, PDAs—even desk phones—using a single headset thanks to our innovative multipoint technology
- **Converse in comfort** with a lightweight headset designed for all-day use
- **Answer and end calls remotely** up to 33 feet from your desk phone with an HL10 Automatic Handset Lifter (See pg. 11) or by combining your PC-based softphone with PerSonoCall® software

Which Voyager is right for you?

### Plantronics Voyager™ 510 *Bluetooth* Headset

Be heard clearly, even on the go, with a Noise-Canceling microphone featuring WindSmart® technology

### Plantronics Voyager 510SL *Bluetooth* Headset System

Link your desk phone and mobile phone to one headset with the Desktop Adapter

Phones not included

### Plantronics Voyager 510-USB *Bluetooth* Headset

Go wireless on your PC-based softphone with the 100% plug-and-play USB adapter and PerSonoCall software to provide call control for all major enterprise-class softphones

To learn more, see our Wireless System Comparison chart on page 12.

## PLANTRONICS PULSAR™ 590A BLUETOOTH® HEADSET\*

Switch between phone conversations and your favorite music with this wireless stereo headset.

- **Listen to high-fidelity stereo music wirelessly** on laptops, iPods, PCs, TVs, DVD and MP3 players
- **Switch between devices** at the touch of a button thanks to our innovative, multipoint technology
- **Go for hours** with up to 12 hours talk time and 10 hours audio listening time
- **Travel smart** with a foldable headset, AC charger, in-flight cable, USB charger and travel case all included

\*iPod not included

### ● → UNMATCHED VERSATILITY

Experience a new level of freedom with our innovative **multipoint technology**. It lets you switch between multiple devices like a mobile phone and PC-based softphone with the push of a button.

## MX500i 3-IN-1 HEADSET VoIP PC

Work anywhere handsfree with a versatile headset that lets you make crystal-clear calls on your PC-based softphone, cordless home phone or mobile phone.

- **Let callers hear you not background noise** with a WindSmart® microphone that filters out noise in windy and loud conditions
- **Talk in comfort** thanks to our portable, ultra-light, under-the-ear Flex Grip® design
- **Adjust your volume** and mute your line with the touch of a button
- **Enjoy the convenience** of a single-ear design for easy side conversations

AT WORK

Superior sound and reliability have made Plantronics headsets the smart choice for **ENTERPRISES AND CONTACT CENTERS** for more than 40 years. Today we've added even more styles to the mix, plus the latest audio technology and ergonomic advancements for greater privacy, clarity and exceptional wearing comfort.

## WHY WIRELESS?

Never be tied to your desk again and roam the office freely without missing a call, thanks to wireless technology that makes using your desk phone as convenient and portable as using a mobile phone.

- **Increase mobility**, bringing calls to the conference room, printer, fax—anywhere up to 300 feet from your phone
- **Never miss a call** with remote notification and answer/end capability
- **Block interference** from other wireless devices with voice-dedicated 1.9GHz DECT™ technology
- **Keep conversations secure** with digital encryption that prevents eavesdropping

## CS70 WIRELESS HEADSET SYSTEM

Leave your headset stereotypes behind with a sleek, stylized wireless model that's so light you'll forget you even have it on.

- **Break the style barrier** with this elegant, discreet design
- **Work in comfort** while wearing a lightweight headset built for all-day use
- **Take clear, private calls** anywhere in your office
- **Recommended for** environments with low ambient noise or closed offices

To learn more, see our Wireless System Comparison chart on page 12.

## CS55 WIRELESS HEADSET SYSTEM

Get the job done with an **all-around performer that delivers the perfect balance of sound quality, flexible wearing styles and mobility.**

- **Be heard clearly** anywhere in the office with a Noise-Canceling microphone that filters out background noise
- **Choose your fit** from over-the-ear, over-the-head and behind-the-head wearing options
- **Talk all day** with extended battery life that delivers approximately 10 hours of talk time
- **Recommended for** all environments, even open floor plans with average/loud ambient noise

**Double the density of wireless headsets** in your environment without sacrificing sound quality or range by using a mix of Plantronics CS50 and CS55 headsets.

 **Enjoy wireless PC-based softphone calls too** when you choose the CS50-USB, which offers the same benefits as the CS55 in a USB format, and operates on a 900MHz frequency.

To learn more, see our Wireless System Comparison chart on page 12.

## HL10 AUTOMATIC HANDSET LIFTER

Add the HL10 Automatic Handset Lifter to any Plantronics wireless headset system and take wireless freedom to a whole new level as you **answer and end calls remotely at the touch of a button.**

- **Free yourself from your desk** and take calls while multitasking around the office
- **Never miss a call** thanks to a remote, one-touch call answer/end button that works directly from your headset

### PLANTRONICS PERFORMANCE FOR YOUR AVAYA TELEPHONE

Our Avaya-branded headsets make it easy to use cutting-edge Plantronics headset technology with your Avaya 4600, 5600 and 9600 series telephone systems.

Plantronics Headset	Avaya Headset
CS55 with HL10 Lifter	Avaya AWH55*
Plantronics Voyager™ 510SL (includes HL10 Lifter)	Avaya ABT35*
SupraPlus® Wireless with HL10 Lifter	Avaya SupraElite Wireless*
CS70 with HL10 Lifter	Avaya AWH75*

\*Note that these Avaya compatible models include Electronic Hookswitch technology, eliminating the need for a separate HL10 Handset Lifter.

SupraPlus  
Model H351N

## THE SUPRAPLUS® FAMILY OF PROFESSIONAL HEADSETS

The **gold standard in performance and comfort**—even for the most phone-intensive applications—the SupraPlus family has been trusted by enterprises around the world for years.

- **Enjoy high-quality conversations** with our most trusted, reliable headsets
- **Match your work style**, staying focused on calls with a Binaural wearing option or collaborating freely using our Monaural wearing option
- **Be heard clearly** with the option of a Noise-Canceling microphone that filters out background noise
- **Take control of call quality** when you add a Plantronics amplifier featuring Clearline™ audio technology (corded headsets only)

### Which SupraPlus is right for you?

SupraPlus Wireless Model CS361N is the first wireless Binaural headset

### SupraPlus Wireless Headset System

**Cut the cord** and step up to premium wireless audio with the SupraPlus Wireless

### SupraPlus Headset

**Get professional sound quality** and all-day comfort with the world's most trusted corded headset

### SupraPlus Wideband Headset

**Experience richer, more natural-sounding** conversations when you combine this corded headset with your wideband-enabled IP phone system

To learn more, see our Wireless System Comparison chart on page 12 and our Corded Comparison Chart on page 15.

## TRISTAR® HEADSETS

Enjoy lasting comfort, even on your longest calls, with a family of headsets that are so light and stable you'll forget you're wearing one.

- **Talk in comfort** with a lightweight, over-the-ear fit that's perfect for eyeglass wearers
- **Take control of call quality** when you add a Plantronics amplifier featuring Clearline™ audio technology
- **Be heard clearly** with the option of a Noise-Canceling microphone that filters out background noise

## ENCORE® HEADSETS

Experience richer-sounding calls with fully adjustable bass and treble controls.

- **Hear every caller clearly** by adjusting tone and call quality with ease using our SES® (Sound Enhancement System)
- **Be heard clearly on every call** with an ultra-high-performance microphone that filters out 92% of unwanted background noise with the Noise-Canceling model
- **Talk in comfort** for hours with this lightweight design and soft ear cushions
- **Match your work style**, stay focused on calls with a Binaural wearing option and collaborate freely using our Monaural wearing option
- **Take control of call quality** when you add a Plantronics amplifier featuring Clearline audio technology

To learn more, see our Corded Comparison Chart on page 15.

\*SupraPlus SL models feature an attractive silver finish and black leatherette ear cushions for added style and comfort

In order to be compatible with VoIP on PC-based softphones, models may require the DA40, DA55, or DA60 adapters. [See page 17 for adapter information.]

## DUOPRO® HEADSETS

Get great audio performance in a versatile headset that converts easily from over-the-head to over-the-ear wearing options.

- **Choose your fit** from over-the-ear, over-the-head and behind-the-head wearing options
- **Talk with confidence** thanks to a discreet, behind-the-head neckband for added stability
- **Take control of call quality** when you add a Plantronics amplifier featuring Clearline™ audio technology

### ● ● → COMPATIBILITY IN A SNAP

Give your team the flexibility to connect to headset-ready phones using the best **direct connect** solution in the industry—with either a Polaris headset or H-Top with an A10 cable.

To learn more, see our Coded Comparison Chart on page 15.

## S12 TELEPHONE HEADSET SYSTEM

Bring hands-free convenience and comfort to any phone with this amplifier-headset system.

- **Take control** with simple, one-button volume and mute features
- **Be heard clearly** with the option of a Noise-Canceling microphone that filters out background noise
- **Avoid interruptions** with a Firefly® in-use indicator that lets others know you're on the phone
- **Choose your fit** from over-the-head or over-the-ear wearing options

## ● ● → OPTIMUM SOUND, EVERY TIME

The latest sound innovation from Plantronics, **Clearline™ audio technology** keeps call quality clear and consistent by equalizing incoming call volume, reducing loud noises to a more comfortable level and reducing the possibility of echo.

## VISTA™ M22 AMPLIFIER

Take control of call quality on traditional PBX phones, IP phones and wideband IP phones by combining your Plantronics corded headset with **our latest corded amplifier**—the Vista M22 amplifier with Clearline audio technology.

- **Improve intelligibility and block sound spikes** by equalizing incoming call volumes and preventing overly loud transmissions thanks to Clearline audio technology
- **Protect your investment** today with an amplifier that will work with your future investment—even a wideband IP phone system
- **Reduce echoes** for more natural conversations, even with VoIP latency
- **Get universal compatibility** with virtually all business phones

\*The Vista M22 Amplifier is a future-proof enhancement to the Vista M12. It is backwards compatible with existing and future phone systems including wideband.

## DA55 ADAPTER

Harness the power of PC-based softphones without sacrificing sound quality when you add this adapter to a Plantronics professional corded headset.

- **Improve intelligibility and block sound spikes** by equalizing incoming call volumes and preventing overly loud transmissions thanks to Clearline™ audio technology
- **Reduce echoes** for more natural conversations, even with VoIP latency

### Also Available:

- **DA60:** the ideal VoIP softphone solution for contact centers; includes PerSono Pro™ software and inline volume/mute control
- **DA40:** affordable, enterprise-class sound

MOBILE

Whether you're looking for complete wireless freedom or simply want a little hands-free convenience, our **MOBILE** headsets deliver the comfort, style and freedom you need to keep the conversation going in any environment.

Plantronics  
Discovery 655  
with AudioIQ

## PLANTRONICS DISCOVERY™ BLUETOOTH® HEADSET FAMILY

Experience your clearest mobile calls yet with the sleek, featherweight *Bluetooth* headsets in the Discovery family.

- **Take a load off** with a headset that weighs just 9 grams (1/3 of an ounce)
- **Go for hours and hours** with up to 15 hours of talk time
- **Recharge easily** with our innovative charging pocket with vibrating ring alert

Which Discovery is right for you?

### Plantronics Discovery 655

**Converse clearly, no matter where you are**, with digitally enhanced sound thanks to our AudioIQ Digital Signal Processing (DSP) technology

### Plantronics Discovery 665 + Car Charger

**Take superior sound on the road** by reducing distracting line noise with AudioIQ—and stay powered with a convenient in-car charger

### Plantronics Discovery 640E *Bluetooth* Headset

**Always be available** thanks to an innovative charging system and up to 15 hours of talk time

Plantronics  
Explorer 350  
with Car Charger

## PLANTRONICS EXPLORER™ *BLUETOOTH*® HEADSET FAMILY

Take control with an affordable, simple-to-use wireless headset family that lets you answer and end calls with the touch of a button.

- **Work in comfort** with a lightweight headset that weighs only 2/3 of an ounce
- **Go for hours** with up to 8 hours of talk time
- **Answer and end calls wherever you want**, using the convenient remote answer/end call function on your headset

Which Explorer is right for you?

### Plantronics Explorer 350 *Bluetooth* Headset + Car Charger

Charge and stow-to-go, with convenient in-car accessories that come standard

### Plantronics Explorer 340 *Bluetooth* Headset

Experience greater hands-free convenience with last-number redial and voice-activated dialing

### Plantronics Explorer 330 *Bluetooth* Headset

Talk continuously for up to 8-hours with this easy-to-use headset

## MX500

Maintain professional calls on your most active days—whether you're running through the airport or hailing a cab.

- **Be heard clearly** with a WindSmart® microphone that filters out background noise
- **Make it stick** with a rugged, durable Flex Grip® design that ensures stability and comfort
- **Personalize your fit** and make sure every caller hears you, thanks to a flexible, pivoting boom microphone
- **Answer and end calls remotely** from your headset with simple, one-touch answer/end and mute features\*

*\*Volume and mute controls (MX505/MX510 models) and one-touch call answer/end button (MX510 model only)*

Other corded mobile headsets include:

### MX250

Filter background noise with a Noise-Canceling microphone

### MX200

Get a convenient and stable fit and quality sound with WindSmart microphone

## ● ● → CALLS MADE CLEAR

The future of intelligent headset design, Plantronics **AudioIQ®** uses advanced digital signal processing to **automatically adjust voice and listening quality** so every word can be heard clearly on both ends of the call.

AT HOME

When you combine one of our headsets with your cordless phone at **HOME** you're free to roam from room to room while enjoying professional-quality sound. So go ahead, pour a cup of coffee or grab your notebook from the other room while the conversation continues.

## CS55H HOME EDITION™ WIRELESS HEADSET FOR CORDLESS PHONES\*

Walk and talk handsfree while working at home with the Plantronics CS55H Home Edition for home cordless or corded phones.

- **Move from room to room** with a wireless range of up to 300 feet
- **Ensure interference-free conversations** with voice-dedicated DECT™ 6.0 technology (1.9GHz), which limits interference from wireless networks or home appliances
- **Talk up a storm** with up to 10 hours of talk time and the ability to answer calls directly from your headset
- **Filter background noise** and be heard clearly with a Noise-Canceling microphone

\*Home phone shown not included

## ● ● → PROFESSIONAL SOUND AT HOME

Adjust the sound on your cordless phone with a flip of our **Microphone Adjust Switch**, which optimizes talking volume to ensure every caller hears you clearly, regardless of your phone model.

### M214C HEADSET FOR CORDLESS PHONES

Take control of call quality while on your cordless phone using this comfortable, affordable headset.

- **Ensure callers hear you and only you** by filtering background noise with a Noise-Canceling microphone
- **Optimize call volumes** with our Microphone Adjust Switch and one-touch volume/mute controls
- **Talk in comfort** thanks to a secure, adjustable headband

## M175C MOBILE HEADSET FOR CORDLESS PHONES

Enjoy ultimate sound performance on your cordless phone and the versatility of two wearing styles.

- **Choose your fit** from one of two wearing styles
- **Tune out the clamor** and be heard clearly with a Noise-Canceling microphone
- **Optimize call volumes** with our Microphone Adjust Switch and one-touch volume/mute controls

## CT12 CORDLESS HEADSET TELEPHONE

Never miss a call as you roam your home with this ultra-compact, cordless telephone and accompanying headset.

- **Keep your hands free** by clipping the “take with you” dialpad to your belt or clothing
- **Be heard clearly** with a Noise-Canceling microphone designed to filter out background noise
- **See who’s calling** with Caller ID/Call Waiting displayed on the “take with you” dialpad
- **Avoid interruptions** with a Firefly® in-use indicator light that lets others know you’re on the phone

## AUDIO™ 350 OVER-THE-HEAD MULTIMEDIA HEADSET

Deepen your sound experience with pure audio precision while listening to music, gaming and chatting online.

- **Supercharge your listening experience** with rich, resonant stereo sound
- **Move the microphone** where you want with the QuickAdjust™ telescoping boom
- **Filter out** background noise with the Noise-Canceling microphone
- **Put control at your fingertips** with inline volume and mute

Our **COMPUTER** headsets are second to none in fully adjustable comfort and sound quality. They're designed to work with all your favorite computer applications, major messenger services (including AOL®, Yahoo!®, Windows Live™ and Skype®) and USB.

## .AUDIO™ 450 OPTIMAL PERFORMANCE ON-THE-GO HEADSET

Make life portable—talking, gaming or listening to music on your laptop with stereo-quality sound.

- **Focus on the sound** with dual earbuds delivering rich stereo audio
- **Cut the background clamor** with the Noise-Canceling microphone
- **Position your microphone precisely** where you want it with our QuickAdjust™ boom
- **Get your fit** with the sleek, discreet Flex Grip® design that ensures stability and comfort
- **Stay in control** with inline volume and mute

## .AUDIO™ 340 BEHIND-THE-HEAD STEREO HEADSET

Intensify your multimedia experience through a fusion of full-range stereo sound, crystal-clear voice accuracy and cool style.

- **Listen in comfort** with plush, dual-ear cushions that deliver rich stereo audio
- **Move the microphone** where you want with the QuickAdjust telescoping and pivoting boom
- **Boost speech accuracy** and be heard clearly with the Noise-Canceling microphone
- **Convenience is within reach** with the inline volume and mute

GAMING

## GAMECOM™ X30 HEADSET FOR HARDCORE GAMING

**Dominate your game and blow away the competition with the ultimate, industrial-strength headset for Xbox 360™.**

- **Keep your edge** with an ultra-light fit for extended-session comfort
- **Ensure your enemies hear you** with the extendable, flexible boom and Noise-Canceling microphone
- **Stay in command** with inline volume and mute controls

Xbox Live® service is required for online voice communications.

Bring your **GAMES** to life like never before while enjoying the extra competitive edge of fuller, more dynamic sound and all-day wearing comfort.

## .AUDIO™ 370 MULTI-PLAYER “OPEN EAR” GAMING HEADSET

Experience full-throttle team interaction and competition with this multimedia “open ear” headset that allows ambient voices to enrich your gaming sessions.

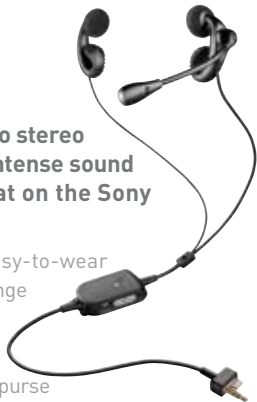

- **Get maximum bass response** and stereo-enriched resonance with 40mm speakers
- **Ensure hours of sound intensity** in lightweight, form-fitting comfort
- **Adjust the Noise-Canceling microphone** and assure accurate positioning with the pivoting QuickAdjust™ boom
- **Stay in control** with the inline volume and mute

## GAMECOM™ P20 PORTABLE STEREO HEADSET FOR THE PSP®

Chat, jam and chill with an on-the-go stereo headset that’s designed to deliver intense sound for gaming, music, movies and chat on the Sony PlayStation® Portable.

- **Enjoy the comfort and stability** of easy-to-wear Flex Grip® earbuds that deliver full-range stereo sound
- **Take it anywhere** thanks to a discreet design that slips easily into a pocket or purse
- **Stay in command** with the QuickAdjust microphone boom and inline volume and mute controls
